

## How to find us:

Below, we present a descriptive plan with photos.

Unfortunately, most current GPS devices (including Google) choose shortcuts that are possible to take only with off-road vehicles. Therefore, we recommend typing the destination: Velez – Rubio. When approaching the target, switch to our analog plan. It will be easier for you and for the car.

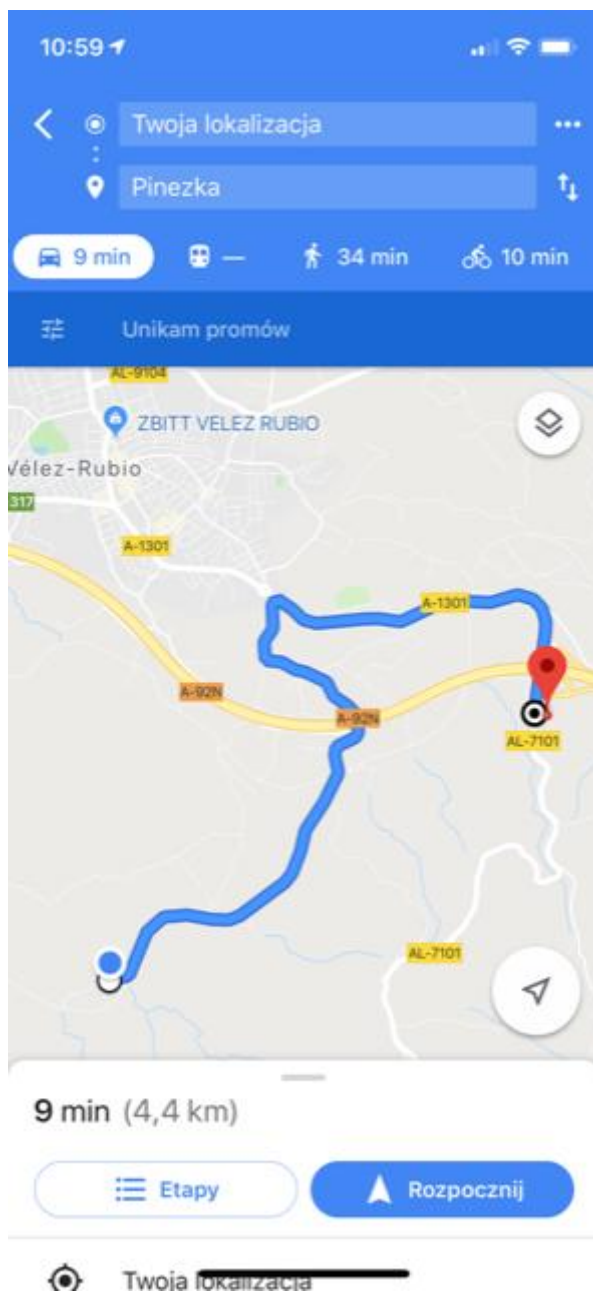

This is the map with the route from the airport of Alicante.

The route leads almost entirely across free express roads. You should drive in accordance with traffic regulations (recommended – everyone does 😊 and there are road speed cameras and speed measurements along the way). The speed limit on dual carriageways in Spain is 120 km/h.

The road A7 from the airport to Puerto Lumbreras. Here, for the first time, you will see the direction of Granada and Velez Rubio (road A-91) on the exit. You have about 20 minutes to the target.

Below is the map leading from the highway exit to Velez Rubio:

Coming from the airport in Alicante (direction from Murica, Lorca, Puerto Lumbreras), drive through the first exit to Velez Rubio. After about 2 km you will see the city entrance and the Puerta de Lorca gate.

Not reaching the roundabout (about 40 meters before the roundabout), turn left to a tiny street near the chapel.

You have about 2.5 km to the target. Here, you can open a champagne☺

The only place where you can take the wrong way is the crossroad approx. 300 m from the exit to the road leading to us. Here, turn left (it looks like the main street so there should be no problems).

There are numerous rough sections along the way, so stay sharp☺

Another characteristic element you should notice is a bridge over the highway. Drive on. Then, the road will lead down, turn right, and then turn left.

If you notice that asphalt has ended, you are going in the right direction.

This road leads through the dried bed of the river. If water is flowing, do not drive – call us.

Rambla occurs on average every few years – if you are lucky! Admire this phenomenon, as it is unique.

You have arrived! Turn right at the sign “Quatro Chimeneas, Rec.On”, go up and park the car.

Holidays – INITIATE ☺

If our plan has been useless and you are stranded somewhere – call. We will get to you!

Paulina & Bartek
