RESIDENCY PROGRAM REC.ON 2024

Location: Eco Village Bolaimi, Andalusia, Spain

Duration: 4 weeks (extension possible)*

Purpose of the residency program:

The main and overarching mission of the REC.ON Art & Eco Hub Residency is to promote and support activities in the area of recycling and upcycling, combining them with artistic and cultural creation. Our residency provides an inspiring environment where artists can develop their creativity by using recycled materials and transforming them into new and unique artworks and projects. We want our residents not only to experiment artistically, but also to contribute to environmental protection by integrating art, ecology and engineering into one.

Residency offer:

Accommodation: Our residence offers three rooms that accommodate a maximum of six people. Each room is comfortable and equipped with the necessary amenities, ensuring a comfortable stay for artists.

Studio: We have spaces available for artists both indoors and outdoors , where they can develop their projects. It is a place conducive to concentration and creative development.

Exhibition room and showroom gallery: is a place where artists can exhibit their works, in front of the public and put up for sale.

Exhibition in Velez Rubio: selected works will be exhibited to the Spanish public, at the historic Marquez Palace in Velez Rubio.

The cost of staying at REC.ON residence:

1 person / 1 month: room + board

850 EUR

*Artists can apply for a scholarship through REC.ON.
