REC.ON PROJECT SPAIN

VILLAGE BOLAIMI, VELEZ RUBIO, ALMERIA, ANDALUSIA, SPAIN

EXPLORATION & DISCOVERY WEEK

This is an amazing offer for travel lovers and seekers of a dream home in sunny Andalusia!

Do you dream of owning your own piece of paradise in authentic, mountainous Andalusia, away from the tourist crowds?

Our groups are small, up to 5 people. You can choose to stay in a single room or come for two.

The offer is for a property search in the LOS VELEZ Region in the province of Almeria, in the Andalusia region.

It is an extremely charming, authentic and NOT touristic and picturesque part of Andalusia. The area is characterized by beautiful mountain ranges, a diverse landscape with natural parks, prehistoric cave paintings and preserved historic white towns. The region is located on the route to Granada, which was once a Roman and Arab transportation route. Remnants of this historical heritage include castle ruins and residential buildings, now part of the white towns.

Andalusia has as many as 300 days of sunshine a year! Comarca Los Velez, as the region is called, is one of the most sparsely populated places in Europe, with just 4 people per square kilometer.

It has a mountainous terrain, with a maximum Sierra Maria altitude of 2050 meters above sea level, no industry and a semi-desert climate characterized by large temperature differences between day and night. An additional advantage of the mountainous terrain is that there is considerable ground water in many places.

Distances from the LOS VELEZ region to major destinations are:

Alicante Airport - about 1 hour 50 minutes,

Malaga Airport - about 3 hours 30 minutes,

beaches/coast - just 50 minutes,

Sierra Nevada (skiing) - about 2 hours 30 minutes,

Granada - about 1 hour 40 minutes.
